

BRAIN

CONFERENCE

24-25 February 2022

ONLINE TWO DAY CONFERENCE

Who should attend?

The Brain Conference has been developed to provide educational and research sessions for students, clinicians and academics working throughout the neuroscience sector. Whether you're a clinician or scientist, student or senior faculty, working directly with patients or in the lab, this conference will have something for you.

Details and registration at: thebrainconference.co.uk

Promo code: **BRAINCONEM4**

Five great reasons to attend:

- 1 Discover the latest from world renowned scientists, clinicians and researchers at the forefront of their fields, including neurologist Professor Peter Goadsby, winner of the 2021 Brain Prize.
- 2 Attend clinical teaching talks and research presentations, and take part in Q&As on topics including cognition, neurogenetics, nerve and neuropathy, stroke, neuroinflammation/MS, movement disorders and sleep and circadian rhythms.
- 3 Event timings and content make the conference accessible to everyone, regardless of where you're based or the work you do.
- 4 Submit your abstract for a chance to present at the event – interactive poster sessions and Chairs will select up to two 'data blitz' presentations for each session from the submitted abstracts.
- 5 The two-day virtual conference only costs £30 to attend. (Discounted tickets available.)

Speakers include:

PLENARY

Peter Goadsby

CNS INFECTIONS

Robyn Klein

Michael Wilson

Paresh Malhotra

COGNITION

Mark Edwards

EPILEPSY

Jaideep Kapur

Eugen Trink

HEADACHE & PAIN

Messoud Ashina

Nouchine Hadjikhani

MS

Sven Meuth

MND

Orla Hardiman

Chris Shaw

Lesley Jones

MOVEMENT DISORDERS

Chris Kobylecki

Michael Lunn

NERVE & NEUROPATHY

Hugh Willison

Michael Heneka

NEURODEGENERATION

Betty Tijms

NEURODEVELOPMENTAL DIVERSITY

Danyal Akarca

Joni Holmes

NEUROGENETICS

Julie Williams

PSYCHOSIS

David Okai

Rimona Weil

SLEEP & CIRCADIAN

Nina Rzechorzek

Vikki Revell

Gilles Vandewalle

Fatemeh Geranmayeh

STROKE

Jens Dreier

Ramon Diaz Arriastia

TBI

Brian Edlow
